

Parent/Guardian's At-Home Daily Student Health Screening

We are in the midst of a pandemic, and having your child stay home when they are ill, experiencing signs and symptoms of a communicable disease, and/or when they have come into close contact with a person who has tested positive for COVID-19, is critical to minimizing the spread of illness to others. In fact, it could make the difference between disease control and outbreak.

Prior to sending your child to school each morning, parents/guardians are being asked to conduct the At-Home Daily Student Health Screening to determine if it is safe for your child to attend school.

SECTION 1 – COVID-19 EXPOSURE & SYMPTOMS

☐	Has your child tested positive for COVID-19 in the last 14 days?	☐ Yes ☐ No
☐	Has your child been in close contact (within 6 feet) with someone who has a confirmed positive or pending COVID-19 diagnosis in the past 14 day?	☐ Yes ☐ No
☐	Has your child or anyone in your household been tested for COVID-19 (because they were experiencing symptoms, were in close contact with someone who had tested positive for COVID-19) and are awaiting results?	☐ Yes ☐ No
☐	Is your child currently ill with COVID-19?	☐ Yes ☐ No

SECTION 2 – SIGNS OR SYMPTOMS – PAST 48 HOURS

Has your child experienced or is experiencing any of the following signs or symptoms listed below in the past 48 hours?

☐	Fever (100.4°F or higher)	☐ Yes ☐ No
☐	Cough (New uncontrolled cough that causes difficulty breathing) (For students with chronic allergic/asthmatic cough, a change in their cough different from their baseline.)	☐ Yes ☐ No
☐	Shortness of Breath	☐ Yes ☐ No
☐	Fatigue	☐ Yes ☐ No
☐	Muscle or Body Aches	☐ Yes ☐ No
☐	Headache	☐ Yes ☐ No
☐	Loss of taste or smell	☐ Yes ☐ No
☐	Sore Throat	☐ Yes ☐ No
☐	Congestion, runny nose	☐ Yes ☐ No
☐	Nausea	☐ Yes ☐ No
☐	Vomiting	☐ Yes ☐ No
☐	Diarrhea	☐ Yes ☐ No
☐	Other: Rash, Red Eyes, Cracked/Swollen lips, Red Swollen Tongue, Swelling hands/ feet, stomach pain	☐ Yes ☐ No

SECTION 3 – TEMPERATURE CHECK

☐	What is your child's current temperature this morning?	
--------------------------	--	--

SECTION 4 – NEXT STEPS – IF YOUR CHILD HAS ANY OF THE ABOVE-MENTIONED SYMPTOMS

☐	If you answer “ yes ” to any of the above, or your child's temperature is 100.4 °F (37.5°C) or higher, please do not send your child to school.	
☐	You should contact your child's health care provider immediately. DON'T WAIT FOR SYMPTOMS TO WORSEN!	
☐	Having these symptoms alone does not mean that your child has a contagious disease or has the virus, but ONLY a health care provider can determine that.	
☐	Notify the principal at your child's school of their symptoms.	

SECTION 5 – GUIDANCE FOR PARENTS/GUARDIANS

☐	Keep your child home if they are ill, and they should remain home for: ☐ At least three days (72 hours) have passed <i>since symptoms have resolved</i>; ☐ Free of fever without the use of fever-reducing medications; ☐ Improvement in respiratory symptoms (e.g., cough, shortness of breath); and/or at least 10 days have passed <i>since symptoms first appeared</i>; ☐ Continue practice health hygiene, handwashing, face covering, maintaining appropriate distance/space.
