

Summer Reading for 2020-2021

“The future belongs to those who believe in the beauty of their dreams.” - Eleanor Roosevelt

Here is the remarkable story about human inventiveness and its power to overcome crippling adversity. *The Boy Who Harnessed the Wind* will inspire anyone who doubts the power of one individual's ability to change his community and better the lives of those around him.

William Kamkwamba was born in Malawi, a country where magic ruled, and modern science was mystery. It was also a land withered by drought and hunger, and a place where hope and opportunity were hard to find. But William had read about windmills in a book called *Using Energy*, and he dreamed of building one that would bring electricity and water to his village and change his life and the lives of those around him.

All students, faculty, support staff, and administrators will read *The Boy Who Harnessed the Wind* by William Kamkwamba and Bryan Mealer.

As this is our mandatory summer reading assignment, our English teachers will assess reading tasks and/or projects once we return for the 2020-2021 school year.

One Family, One Book, One Eagle Nation!
